PROJECTS

E Commerce Website

May 2025

[Website](#) | [Github](#)

Created a fully responsive E-Com Website using HTML, CSS, JS with product listing, and functionality. Implemented dynamic features like add-to-cart, quantity updates, and total price calculation using DOM manipulation. Focused on clean UI/UX design and cross-device compatibility.

Job Board Application

June 2025

[Website](#) | [Github](#)

Built a job listing platform with core CRUD operations using, HTML, CSS, and Js. Added real-time filtering and search functionality.
Designed clean UI with modular for job cards and inputs.

Cuberto Website

June 2025

[Website](#) | [Github](#)

A modern UI/UX project inspired by Cuberto's creative agency site. It includes mouse follower effects, GSAP animations, and smooth page transitions using Locomotive Scroll. Designed to showcase advanced frontend animation skills.

EXPERIENCE

Web Developer Intern

May 2025

Cod Soft (Remote)

Worked on developing responsive and visually engaging web pages using HTML, CSS, JavaScript, and R React.js. Focused on front-end development, implementing interactive UI elements and web animations using GSAP.

Web Developer Intern

June 2025

Oasis Infobyte (Remote)

Contributed to real-world web development projects by designing responsive layouts and optimizing website performance. Improved skills in front-end technologies and collaborated in a remote team environment to deliver user-centric web solutions.

EDUCATION
